REALIGNMENT OF KELLER ROAD

KELLER ROAD TO BE REALIGNED AT INTERSECTION OF MAITLAND BOULEVARD (STATE ROAD 414)

Opening by 6 a.m. on Monday, February 13, is a new alignment of Keller Road at Maitland Boulevard. The new realignment will straighten Keller Road as it approaches Maitland Boulevard from the north and the south. As a result of realigning the Keller Road at the Maitland Boulevard intersection, traffic signal stop bars on Maitland Boulevard will be relocated. Drivers should be cautious when approaching this realigned intersection. The new alignment will improve traffic flow on Keller Road, and it will open an additional area for crews to begin building the westbound Maitland Boulevard bridge over Keller Road.

Motorists should be aware that modifications or extensions to this schedule may become necessary due to weather delays or other unforeseen conditions. Motorists are advised to maintain a safe speed when driving in this vicinity through the work zone.
