

## Construction is Starting Communications Toolkit for Partners, Employees and Customers

### Overview

I-4 Ultimate construction is starting February 2015! The Florida Department of Transportation (FDOT) is reaching out to employers like you near the I-4 Ultimate project area to let you know what to expect as construction ramps up. Now is the time for your partners, employees and customers to start adjusting commutes by mapping alternate routes, taking SunRail, working flextime, telecommuting, ridesharing or learning about traffic tools like 511. We encourage you to begin planning now for the six years of construction that's ahead.

FDOT has taken to social media to help spread this message on Twitter, Facebook and YouTube. With your help, we can provide Central Florida residents with the tools they need to be aware of the massive improvement project. This resource kit includes pre-written content for your communication platforms, including social media, printed and electronic newsletters and websites.

### I-4 Ultimate Website and Social Media

The [I4Ultimate.com](http://I4Ultimate.com) website is the official source for anything and everything I-4 Ultimate, and now social media users will have another way to access the information they need. Those who keep up with FDOT on Twitter, Facebook and YouTube will be among the first to get timely project news, major roadway incident reports and special project information. Our social media accounts also feature fun facts, safety tips and more to help drivers stay safe on I-4.

## SAFETY TIPS

Twitter: Allow extra time and don't speed. #I4Ultimate construction is starting. Commuters visit [I4Ultimate.com](http://I4Ultimate.com). #safetytips

Practice #safetytips during #I4Ultimate construction. Stay off your phone and pay attention to the road. More at [I4Ultimate.com](http://I4Ultimate.com).

Keeping a #safe distance and staying in your lane can prevent accidents. Be alert during #I4Ultimate construction.

Facebook: Did you know that excessive speed is a factor in more than a third of fatal work zone crashes throughout the state? Allow extra time for your commute and don't speed. Visit [I4Ultimate.com](http://I4Ultimate.com) for more safety tips. #I4Ultimate

Be alert during #I4Ultimate construction. Stay off your phone and keep up with traffic. Learn more about safe driving practices at [I4Ultimate.com](http://I4Ultimate.com).

# I4Ultimate.com

Your source for improvements to I-4 in Orange and Seminole counties

Safe driving is especially important during #I4Ultimate construction. Keep a safe distance between you and the car in front of you, and stay in your lane. Visit [I4Ultimate.com](http://I4Ultimate.com) for other ways to help avoid additional congestion.

#### Newsletter:

Do your part to help reduce crashes and injuries during construction by following some safety tips. Allowing extra time for your commute will ensure that you won't have to speed through a work zone. Make sure you are paying close attention to what's happening on the road and are not distracted by your cell phone. Staying in your own lane and keeping a safe distance from you and the car in front of you can help prevent accidents. Learn more about how you can do your part at [I4Ultimate.com](http://I4Ultimate.com).
