The development is called the I-4 Ultimate project. Preliminary work gets underway Sunday at midnight.

The project calls for rebuilding 21 miles of I-4 from State Road 434 in Seminole County to Kirkman Road in Orange County.

WORK BEGINS ON ULTIMATE I-4 PROJECT

The Ultimate I-4 Project gets underway Sunday at midnight.

MORE

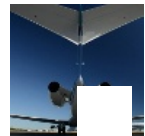

The project, set to be completed by 2021, will reconfigure 15 major interchanges and replace more than 140 bridges. It will also add four express toll lanes down the middle of the highway.

Steve Olson, with the Florida Department of Transportation, said motorists won't see heavy construction equipment brought in until the summer. Crews will begin the prep work Sunday, which includes installing concrete dividing walls that block the shoulder in many areas.

Drivers will start seeing more Road Ranger vehicles that will respond to traffic incidents, quickly clearing lanes and assisting motorists to keep traffic moving.

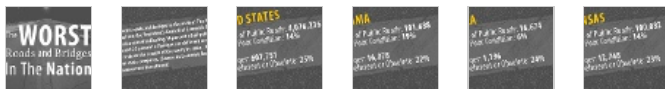

Olson said some of the heaviest construction will be in downtown Orlando by the 408. He said he believes Sunrail ridership will go up when the heaviest work begins.
