The public is invited to learn more about the I-4 Ultimate project during a public information open house, and how the project is transforming Altamonte Springs, Longwood and Maitland, as well as the entire 21-mile corridor. The open house is scheduled **Thursday, May 28, from 5 p.m. to 8 p.m. at the RDV Sportsplex – Magic Gym, located at 8701 Maitland Summit Boulevard.**

“We encourage the public to attend this event to learn more about the project, view area maps and displays, and discuss the project with staff,” said Loreen Bobo, P.E., I-4 Ultimate Construction Program Manager.

The project officially launched in February 2015 and expected completion is 2021. The I-4 Ultimate project is rebuilding 21 miles of Interstate 4 from Kirkman Road in Orange County to SR 434 in

Seminole County, adding two new dynamically tolled Express Lanes—eastbound and westbound, replacing more than 140 bridges, reconfiguring 15 major interchanges and reconstructing the entire existing roadway.

Major changes planned for the northern end of the project include: elevating Maitland Boulevard over several side streets; constructing the Maitland Boulevard pedestrian bridge; reconfiguring the State Road (SR) 436 interchange to a single-point diamond interchange; and constructing a new pedestrian tunnel at SR 436.

As construction activities begin to accelerate, drivers should expect to see temporary roadways, bridges and ramps, and continued traffic pattern changes and shifts. Lane closures will be limited to mostly nighttime hours, beginning as early as 8:30 p.m. and continuing as late as 7 a.m. Work may also require ramp closures for extended periods.

Additional project information, including an up-to-date list of lane and ramp closures, are posted on I4Ultimate.com. Motorists are encouraged to sign up for project newsletters and route-specific alerts through the website to help make informed decisions about when and where to travel.
