MAITLAND, Fla. - For the thousands of drivers getting on eastbound Interstate 4 from Maitland Boulevard, the entrance ramps will look a lot different Friday.

Drivers getting onto eastbound I-4 from the westbound Maitland Boulevard will be the most affected, as the new ramp will require them to be in the correct lane a quarter mile sooner.

“They’ll need to decide about 600 feet sooner that they want to be in the correct lane to get on eastbound I-4,” I-4 Ultimate project spokesman Dave Parks said.

New signage will direct traffic onto eastbound I-4, and if drivers miss the ramp they will have to drive through two traffic lights and make a U-turn to get back on track.
