## Nightly eastbound I-4 rolling roadblocks from Kirkman Rd. to SR-408 scheduled for March 31-April 2

---

**ORLANDO** — Rolling roadblocks on eastbound Interstate 4 (I-4) from Kirkman Road (State Road 435) to State Road 408 (S.R. 408) are scheduled as soon as 12 a.m. until 6 a.m. for three consecutive nights beginning on Friday, March 31.

The eastbound I-4 exit ramp to South Street and eastbound S.R. 408 ramp to eastbound I-4 will be closed each night in conjunction with the rolling roadblocks to accommodate construction. The South Street exit will be closed as soon as 10 p.m. until 7 a.m. and the S.R. 408 ramp will be closed as soon as 12 a.m. until 6 a.m. Detour routes for both of these ramp closures are available online to download or view at: <http://fdot.tips/EBI4rolling>.

The eastbound I-4 rolling roadblocks will begin near Kirkman Road and end at S.R. 408. Multiple rolling roadblocks are scheduled to occur each night. Each rolling roadblock will create a 30-minute window for crews to place girders over eastbound I-4 to widen the S.R. 408 overpass.

Eastbound I-4 entrance ramps between the Kirkman Road and S.R. 408 interchanges will be temporarily blocked. As the rolling roadblock passes each interchange, law enforcement officers will reopen its entrance ramp. In total, nine eastbound I-4 entrance ramps will be temporarily closed during the rolling roadblocks. View or download an online map of the temporary on-ramp closures at: <http://fdot.tips/EBI4rolling>.

Modifications or extensions to this schedule may become necessary due to weather delays or other unforeseen conditions. Motorists are advised to maintain a safe speed when driving through the work zone.

For real-time traffic information on I-4, including up-to-date progress on rolling roadblocks, stay tuned to the Florida Department of Transportation's 511 Traveler Information System. Visit [FL511.com](http://FL511.com) for interactive roadway maps showing traffic congestion and crashes, travel times and traffic camera views.

The I-4 Ultimate project is rebuilding 21 miles of Interstate 4 (I-4) from west of Kirkman Road in Orange County to east of State Road 434 in Seminole County, adding two new dynamic tolled Express Lanes in each direction, replacing more than 140 bridges, reconfiguring 15 major interchanges and reconstructing the entire roadway.
