TRAFFIC WILL NO LONGER BE ABLE TO CROSS S.R. 436 FROM DOUGLAS AVENUE AND WYMORE ROAD

Improvements at the intersections of State Road (S.R.) 436, Douglas Avenue, Wymore Road and Westmonte Drive are changing traffic patterns in the area. As soon as the morning of Sunday, July 29, 2018, traffic will no longer be able to cross S.R. 436 from Douglas Avenue and Wymore Road. Wymore Road and Douglas Avenue will become right-in, right-out only from S.R. 436. The traffic signal will remain for now allowing traffic to make the right turns to and from S.R. 436. A new signal will be operational at the intersection of Wymore Road and Westmonte Drive. This traffic signal, as well as traffic signals at the intersections of Westmonte Drive-S.R. 436 and Westmonte Drive-Douglas Avenue will be re-calibrated to accommodate additional capacity. These changes in traffic patterns are being made to provide more capacity for vehicles exiting Interstate 4 (I-4) and to improve traffic flow. Please see reverse side for details on all final improvements.
