EB I-4 TRAFFIC PACING OPERATION SCHEDULED BETWEEN IVANHOE BOULEVARD AND MAITLAND BOULEVARD

A traffic pacing operation is scheduled to occur between 2:30 a.m. and 5 a.m. the morning of Wednesday, October 9, on eastbound Interstate 4 (I-4) from Ivanhoe Boulevard to Maitland Boulevard (State Road 414). During the operation, eastbound I-4 entrance ramps between these limits will be temporarily blocked by law enforcement officers to ensure no vehicles jump ahead of the traffic pacing operation. As the pace car passes each interchange, the corresponding entrance ramp onto eastbound I-4 will be reopened to allow motorists to enter and join the slow roll. The traffic pacing operation and temporary ramp closures will create a 30-minute window for crews to move equipment across the highway at the Maitland Boulevard and I-4 interchange.
