EASTBOUND STATE ROAD 436 SHIFTING TO NEW CENTER LANES OVER I-4

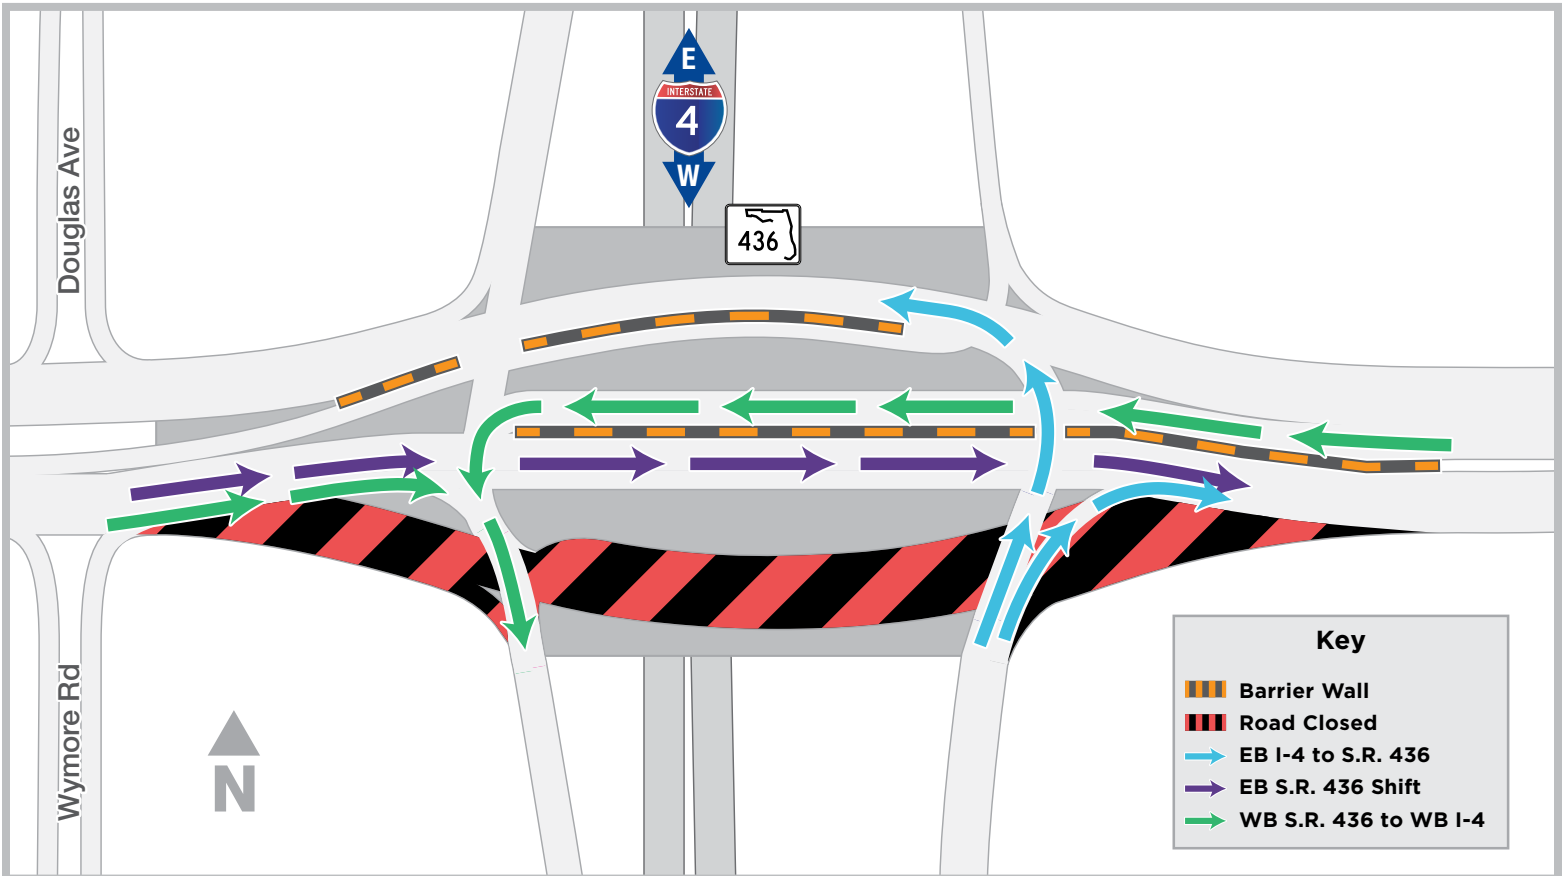

TRAFFIC SHIFT MAKES ROOM TO CONTINUE WORK ON PEDESTRIAN TUNNEL

The Florida Department of Transportation (FDOT) will shift the eastbound State Road (S.R.) 436 lanes over Interstate I-4 onto the new constructed center lanes as soon as Tuesday morning, June 30.

The turn lanes from westbound S.R. 436 onto westbound I-4 will also shift to the new center lanes.

The traffic shift is to accommodate construction crews to continue work on the S.R. 436 pedestrian tunnel.

To facilitate the shift, the westbound I-4 entrance ramp from S.R. 436 and the eastbound I-4 exit ramp to S.R. 436 will both close overnight, June 29 at 9 p.m. Please see reverse side for more information.
