UPDATE: Work on WB Maitland Blvd traffic shift to begin Oct. 2

ORLANDO — After a brief postponement, a traffic shift of westbound Maitland Boulevard (State Road 414) between westbound Interstate 4 (I-4) and State Road 434 is rescheduled for evening of Sunday, October 2.

Crews will be working throughout the night to have the traffic shift in place for the morning of October 3. Motorists should expect multiple lane closures during the hours of 8 p.m. to 6 a.m. as the westbound lanes of Maitland Boulevard are shifted to newly paved lanes, just south of the existing lanes. An illustration of the westbound Maitland Boulevard traffic shift is available online at <http://fdot.tips/WB414shift>.

Following the traffic shift, work will begin on building an elevated Maitland Boulevard over the cross streets of Lake Destiny Road, Keller Road and Maitland Summit Boulevard. Pile driving for bridge construction could begin as soon as early October.

Modifications or extensions to this schedule may become necessary due to weather delays or other unforeseen conditions. Motorists are advised to maintain a safe speed when driving through the work zone.

The I-4 Ultimate project is rebuilding 21 miles of Interstate 4 (I-4) from west of Kirkman Road in Orange County to east of State Road 434 in Seminole County, adding two new dynamic tolled Express Lanes in each direction, replacing more than 140 bridges, reconfiguring 15 major interchanges and reconstructing the entire roadway.
