Eastbound I-4 in Downtown Orlando Closing Nightly Oct. 2-3

Westbound I-4 rolling roadblocks and nightly ramp closures to occur simultaneously

ORLANDO — Eastbound Interstate 4 (I-4) between Gore Street and Amelia Street is closing from 12 a.m. to 5 a.m. early Monday, October 2, and early Tuesday, October 3.

The recommended detour around this eastbound I-4 closure is to exit at South Street (Exit 82B), travel north on Garland Avenue and reenter eastbound I-4 at the ramp located after the Amelia Street intersection.

In addition, the westbound and eastbound S.R. 408 exit ramps to eastbound I-4, the eastbound I-4 exit ramp to Amelia Street and eastbound I-4 entrance ramp from Anderson Street will be closed from 10 p.m. to 5 a.m. on October 1–3. These nightly closures are necessary to remove two overhead sign structures on I-4.

Rolling roadblocks on westbound I-4 from Maitland Boulevard (State Road 414) to State Road 408 will occur between 12 a.m. and 5 a.m. on October 2–3 to aid in the removal of the sign structures.

View or download a detailed online map of these nightly closures and detours at: http://fdot.tips/EBI4closure.

Modifications or extensions to these schedule may become necessary due to weather delays or other unforeseen conditions. Motorists are advised to maintain a safe speed when driving through the work zone.

In addition to detour signs and variable message boards in the areas of these nightly closures, information on closures and traffic shifts are included in I-4 Ultimate's Advanced Construction Alert System. Sign up to receive construction alerts by text or email at i4ultimate.com.

The I-4 Ultimate project is rebuilding 21 miles of Interstate 4 (I-4) from west of Kirkman Road in Orange County to east of State Road 434 in Seminole County, adding two new dynamic tolled Express Lanes in each direction, replacing more than 140 bridges, reconfiguring 15 major interchanges and reconstructing the entire roadway.
