## I-4 Ultimate Project Limits Closures for Holidays

---

**ORLANDO** — Nighttime lane, ramp and road closures on the I-4 Ultimate project will scale down during the winter holidays.

The majority of construction closures on the interstate will be suspended from Midnight Saturday, December 24, until the morning of Tuesday, January 2. The I-4 Ultimate project, which extends 21 miles from west of Kirkman Road to east of State Road 434, will be open to holiday traffic; however, motorists should expect the following late-night closures:

- On December 26-31, nightly closures of John Young Parkway (S.R. 423) under I-4 beginning each night at 11:30 p.m. and ending at 5:30 a.m. Access to all I-4 ramps at the interchange will remain open during the nighttime closure. [Detour Map](#)
- On December 27-30, nightly closures of Division Avenue from Gore Street to Anderson Street beginning each night at 10 p.m. and ending at 5 a.m. The westbound S.R. 408 on-ramp from Division Avenue will remain open during the nighttime closure. Motorists can access the ramp from Anderson Street. [Detour Map](#)
- Single lane closures after 11 p.m. on the eastbound Interstate 4 (I-4) exit and entrance ramps at State Road (S.R.) 436.
- Right lane closures after 11 p.m. on eastbound and westbound S.R. 436 from the I-4 interchange to Northlake Boulevard.
- Additional nighttime lane closures may be required on local roads near the I-4/S.R. 436 interchange, including Central Parkway, Douglas Avenue, Westmonte Drive and Wymore Road.

Although the majority of regularly scheduled I-4 Ultimate construction closures are not occurring over the holidays, existing work zones will remain in effect and crews will continue to maintain travel lanes and conduct routine maintenance. Maintenance work often requires nighttime lane closures, such as work on December 27-20 from 12 a.m. to 6 a.m. to replace reflective pavement markings on eastbound and westbound I-4 from Conroy Road to Ivanhoe Boulevard.

Motorists are reminded to use caution while traveling through work zones around barricades and equipment. The Florida Department of Transportation (FDOT) encourages drivers to plan for additional travel time during the holidays. Drivers are urged to make sure they buckle up, along with their passengers. FDOT and other safety agencies also ask drivers to obey speed limits, get adequate rest before traveling, avoid distractions and never drink and drive.

FDOT advises drivers to slow down in construction zones; the life you save may be your own.
