**Temporary Alignment of Westbound I-4 Between Central Pkwy. and Wymore Rd.
Scheduled to Open This Weekend**

WB I-4 On-Ramp From S.R. 436 to Close Friday Night to Saturday Morning

Orlando, Fla. – The westbound Interstate 4 (I-4) travel lanes between Central Parkway and Wymore Road are shifting to a temporary configuration as soon as the morning of Saturday, May 18.

This temporary configuration will relocate approximately 2.5 miles of westbound I-4 travel lanes to the center of the I-4 Ultimate work zone. The temporary shift will open work space for crews to build the permanent westbound I-4 travel lanes. As a result of the shift, the westbound I-4 ramps at State Road (S.R.) 436 will slightly change. Motorists will notice the exit point to the westbound I-4 ramp to S.R. 436 (Exit 92) will move approximately one-tenth of a mile sooner than before.

To accommodate the shift, motorists should expect westbound I-4 lane closures beginning the night of Friday, May 17. The westbound I-4 on-ramp from S.R. 436 is scheduled to close from 8 p.m. on May 17 until 8:30 a.m. May 18. When the ramp reopens on Saturday morning, one lane will remain closed until 10 a.m.

A handout detailing the traffic shift and 12-hour closure of the westbound I-4 on-ramp from S.R. 436 is available to view or download at fdot.tips/wbi4shift.

Modifications or extensions to these schedule may become necessary due to weather delays or other unforeseen conditions. Motorists are advised to maintain a safe speed when driving through the work zone.
