**WB I-4 Exit Ramp to Ivanhoe Blvd. Shifting to Temporary Configuration on July 11**  
*Ramp Shift Signals Start of New Temporary Ramp System along WB I-4*

**Orlando, Fla.** – The westbound Interstate 4 (I-4) exit ramp to Ivanhoe Boulevard (Exit 84B) is temporarily shifting to a new location as soon as the morning of July 11.

The existing loop ramp will be replaced with a straightened two-lane ramp. Motorists using this ramp will have to exit about one half-mile sooner than before.

Following this shift (at a later date), the westbound I-4 ramps at Princeton Street and the westbound I-4 entrance ramp from Par Street also will move to interim configurations and create a temporary ramp system.

Download or view a handout for the westbound I-4 exit ramp shift to Ivanhoe Boulevard at [fdot.tips/exit84B](http://fdot.tips/exit84B).

Modifications or extensions to this schedule may become necessary due to weather delays or other unforeseen conditions. Motorists are advised to maintain a safe speed when driving through the work zone.
