Reminder of New Traffic Pattern for the Eastbound I-4 Exit Ramp to Maitland Boulevard

Maitland, Fla. – Drivers should be alert to a recent traffic shift for the eastbound Interstate 4 (I-4) exit to eastbound and westbound Maitland Boulevard (State Road 414).

The exit point from eastbound I-4 to westbound Maitland Boulevard (90B) now begins approximately a quarter of a mile sooner and combines with the exit ramp to eastbound Maitland Boulevard (90A). The eastbound exit ramp splits to provide access to both directions of Maitland Boulevard.

The eastbound I-4 exit is now in its final configuration and access to eastbound and westbound Maitland Boulevard will remain combined on the same ramp.

View or download a handout of the new traffic pattern [here](#). Additional signage is being added to help alert drivers of this change.

The eastbound I-4 exit to westbound Maitland Boulevard (State Road 414) will be closed tonight for additional work along the ramp from 9 p.m. Wednesday, November 13 through 5:30 a.m. Thursday, November 14.

To bypass the closure, traffic will detour east on I-4 to the eastbound exit to State Road (S.R.) 436. Motorists will travel west on S.R. 436 then turn left onto southbound S. R. 434. Continue south to Maitland Boulevard.

For media inquiries, please contact the FDOT Communications Office at 386-943-5593 or [FDOT-D5COMM@dot.state.fl.us](mailto:FDOT-D5COMM@dot.state.fl.us).

Modifications or extensions to these schedules may become necessary due to weather delays or other unforeseen conditions. Motorists are advised to maintain a safe speed when driving through the work zone.
