**WB I-4 Access Ramp from Par St. Shifting to Temporary Configuration**  
*Shift will direct motorists through Princeton Street interchange before joining I-4*

Orlando, Fla. – The westbound Interstate 4 (I-4) entrance ramp from Par Street will shift into a temporary configuration as soon as Tuesday, Nov. 5.

When the shift occurs, the existing merge location to westbound I-4 from the access road between Par Street and Princeton Street will close. Motorists will instead continue on the access road through the traffic signal at the Princeton Street interchange using the middle lane, and enter westbound I-4 from the Princeton Street on ramp.

The westbound I-4 entrance ramp from Par Street and the westbound I-4 exit ramp to Princeton Street also will close overnight between 10 p.m. and 5 a.m. the night of Nov. 5 to accommodate the shift.

View or download a handout of detour routes for these closures at: <https://fdot.tips/2WtuMUK>.  
(see attached map)

Modifications or extensions to these schedule may become necessary due to weather delays or other unforeseen conditions. Motorists are advised to maintain a safe speed when driving through the work zone.
