Westbound I-4 Exit to Colonial Drive Shifting to Temporary Configuration

Motorists will exit nearly three-quarters of a mile sooner to reach Colonial Drive (State Road 50)

Orlando, Fla. – The Florida Department of Transportation (FDOT) is shifting the westbound Interstate 4 (I-4) right-hand exit ramp to Colonial Drive (Exit 84A) to a temporary configuration as soon as Saturday, December 7.

The temporary configuration will be a left-hand exit ramp that will require westbound I-4 motorists to exit nearly three-quarters of a mile sooner after crossing over New Hampshire Street. The ramp will place motorists at a signaled intersection at Ivanhoe Boulevard where they will cross over Ivanhoe Boulevard and follow Legion Place and Orange Avenue to Colonial Drive.

The temporary arrangement will be in place for up to one year so crews can safely construct a permanent westbound I-4 exit ramp to Colonial Drive and the westbound I-4 travel lanes adjacent to Lake Concord.

View or download a handout of this shift at <https://fdot.tips/35VRecK>.

Modifications or extensions to this schedule may become necessary due to weather delays or other unforeseen conditions. Motorists are advised to maintain a safe speed when driving through the work zone.
