I-4 Ultimate Traffic Advisory

ORLANDO, Fla. – The Florida Department of Transportation (FDOT) is making tremendous progress while westbound Interstate 4 (I-4) is reduced to a single lane from Princeton Street through Gore Street. This temporary lane reduction allows crews to complete work that would otherwise take many more weeks to accomplish.

The I-4 Ultimate team anticipates further accelerating construction by extending some previously scheduled closures and/or detours throughout the weekend.

Drivers are encouraged to seek alternate routes to avoid delays while shifts, closures and detours are implemented. Be advised, familiar routes may be temporarily altered and motorists are advised to maintain a safe speed when driving through the work zone, avoid distractions, follow posted detour signs, and allow plenty of extra time to navigate the downtown area.

Modifications or extensions to these schedules may become necessary due to weather delays or other unforeseen conditions. Motorists are encouraged to follow @I4Ultimate on Twitter or visit I4Ultimate.com for updates. Real-time traffic information is also available at FL511.com or on twitter @fl_511_i4.
